CONTENTS INDEX

VOLUME 1, 1990/91

Volume 1, Number 1 — 1990/91

Ralph M. Jell **Desmond J. Ireland**	1	*Editorial*
		Review
M.M. Paparella **B.P. Kimberley**	3	Pathogenesis of Meniere's Disease
		Original Contributions
M. Fetter **J. Dichgans**	9	Adaptive Mechanisms of VOR Compensation after Unilateral Peripheral Vestibular Lesions in Humans
T.T. Khater **J.F. Baker** **B.W. Peterson**	23	Dynamics of Adaptive Change in Human Vestibulo-Ocular Reflex Direction
J. Risey **W. Briner**	31	Dyscalculia in Patients with Vertigo
S.H. Lafortune **D.J. Ireland** **R.M. Jell**	39	Suppression of Optokinetic Velocity Storage in Humans by Static Tilt in Pitch
R.J. Peterka **F.O. Black** **M.B. Schoenhoff**	49	Age-Related Changes in Human Vestibulo-Ocular Reflexes: Sinusoidal Rotation and Caloric Tests
R.J. Peterka **F.O. Black** **M.B. Schoenhoff**	61	Age-Related Changes in Human Vestibulo-Ocular and Optokinetic Reflexes: Pseudorandom Rotation Tests
R.J. Peterka **F.O. Black**	73	Age-Related Changes in Human Posture Control: Sensory Organization Tests
R.J. Peterka **F.O. Black**	87	Age-Related Changes in Human Posture Control: Motor Coordination Tests
S. Padoan **K. Korttila** **M. Magnusson** **I. Pyykkö** **L. Schalén**	97	Reduction of Gain and Time Constant of Vestibulo-Ocular Reflex in Man Induced by Diazepam and Thiopental
	105	Announcement

Volume 1, Number 2 1990/91

R.S. Kimura	107	*Guest Editorial*
		Original Contributions
J.L. Demer **J. Goldberg** **F.I. Porter**	109	Effect of Telescopic Spectacles on Head Stability in Normal and Low Vision
T. Ledin **L.M. Ödkvist** **M. Vrethem** **C. Möller**	123	Dynamic Posturography in Assessment of Polyneuropathic Disease
T. Ledin **A.C. Kronhed** **C. Möller** **M. Möller** **L.M. Ödkvist** **B. Olsson**	129	Effects of Balance Training in Elderly Evaluated by Clinical Tests and Dynamic Posturography
J.W. Grant **J.R. Cotton**	139	A Model for Otolith Dynamic Response with a Viscoelastic Gel Layer
C.R. Fox **G.D. Paige**	153	Effect of Head Orientation on Human Postural Stability following Unilateral Vestibular Ablation
J-L. Vercher **G.M. Gauthier**	161	Eye–Head Movement Coordination: Vestibulo-Ocular Reflex Suppression with Head-Fixed Target Fixation
J. Fukushima **K. Fukushima** **N. Morita** **I. Yamashita**	171	Disturbances in the Control of Saccadic Eye Movement and Eye–Head Coordination in Schizophrenics
H.C. Hansen **J.M. Gibson** **W.H. Zangemeister** **C. Kennard**	181	The Effect of Treatment on Eye–Head Coordination in Parkinson's Disease
G.M. Halmagyi **I.S. Curthoys** **P.D. Cremer** **C.J. Henderson** **M. Staples**	187	Head Impulses after Unilateral Vestibular Deafferentation Validate Ewald's Second Law
I.S. Curthoys **M.J. Dai** **G.M. Halmagyi**	199	Human Otolithic Function before and after Unilateral Vestibular Neurectomy
		Meeting Report
Th. Brandt **M. Igarashi**	211	Disorders of Posture and Gait

Volume 1, Number 3 1990/91

Original Contributions

M. Takahashi
Y. Okada
A. Saito
Y. Takei
I. Tomizawa
K. Uyama
I. Takeuti
J. Kanzaki
215 Roles of Head, Gaze, and Spatial Orientation in the Production of Oscillopsia

G. Cheron
223 Effect of Incisions in the Brainstem Commissural Network on the Short-Term Vestibulo-Ocular Adaptation of the Cat

P.N.M. Lapeyre
Y. Cazals
241 Guinea Pig Vestibular Type I Hair Cells Can Show Reversible Shortening

M. Niklasson
R. Tham
B. Larsby
B. Eriksson
251 The Influence of Visual and Somatosensory Input on the Vestibulo-Oculomotor Reflex of Pigmented Rats

J.L. Demer
J. Goldberg
F.I. Porter
H.A. Jenkins
K. Schmidt
263 Visual–Vestibular Interaction with Telescopic Spectacles

K. Brantberg
M. Magnusson
279 Asymmetric Optokinetic Afterresponse in Patients with Vestibular Neuritis

S. Heimbrand
M. Müller
G. Schweigart
T. Mergner
291 Perception of Horizontal Head and Trunk Rotation in Patients with Loss of Vestibular Functions

K. Brantberg
M. Magnusson
299 Asymmetric Optokinetic Afterresponse in Patients with Small Acoustic Neurinomas

A. Böhmer
R.W. Baloh
309 Vertical Optokinetic Nystagmus and Optokinetic Afternystagmus in Humans

Short Communication

F.H. Previc
T.J. Mullen
317 A Comparison of the Latencies of Visually Induced Postural Change and Self-Motion Perception

Announcement

I XIth International Symposium on Posture and Gait

Volume 1, Number 4 1990/91

Original Contributions

P. Mettens
E. Godaux
G. Cheron
325 Effects of Ketamine on Ocular Movements of the Cat

W. Briner
F.H. Linthicum
A. Gadre
339 Three-Dimensional Structure of the Human Vestibular Nuclear Complex

S.H. Lafortune
D.J. Ireland
R.M. Jell
347 Suppression of Optokinetic Velocity Storage in Humans by Static Tilt in Roll

T. Hine
357 Effects of Asymmetric Vergence on Compensatory Eye Movements During Active Head Rotation

M. Fetter
H.-C. Diener
J. Dichgans
373 Recovery of Postural Control after an Acute Unilateral Vestibular Lesion in Humans

Acknowledgment

385 Reviewers for Volume 1

Announcement

387 XIth International Symposium on Posture and Gait: Control Mechanisms

I Contents/Author/Keyword Index Volume 1, 1990/91
